Bolzano

Riepilogo

Young cypherpunk, fall in love with nature and technology, aim to change the world in best one little step at the time.

Esperienza

Autonomo

Web3 Researcher

gennaio 2017 - Present (5 anni 5 mesi)

As web3 researcher I keep looking at what's new at the horizon of this open sea by exploring the possibilities the digital innovation has in store for me.

Every day is a new discovery and I'm happy to make this the job of my life :)

Südtiroler Sanitätsbetrieb - Azienda Sanitaria dell'Alto Adige

Administrative Office Assistant

ottobre 2020 - aprile 2022 (1 anno 7 mesi)

Bolzano, Trentino-Alto Adige, Italia

My duty was to deal with the health emergency of the pandemic due to covid-19. This year I put aside my dreams and my projects to collaborate with the national public hospital of my home town and be able to help by doing my part, even in a small way, to overcome together this tremendous historical moment....

Autonomo

Garden Designer

maggio 2019 - ottobre 2020 (1 anno 6 mesi)

Bolzano, Italia

Following my passion I started design and create gardens, green corners, in both virtual reality and real life. I worked with a few greenhouses providing their client the best virtual rendering. As virtual designer I let myself inspiring from the new artist of the metaverse. Even by knowing the whole workflow, I never liked to model too much but I'm open to learn more in the future!

ForTeam srl

Virtual Reality Researcher

febbraio 2018 - maggio 2019 (1 anno 4 mesi)

Bolzano, Italia

Study, research and development of VR and AR through Unity, UE4, with specializations in programs such as Maya, Substance, Vuforia, ManoMotion and Adobe Fuse. During their course I did an internship at the H-FARM, where I collaborated with BitProjects by creating an AR App for the Fondazione Giancarlo Ligabue and their archeological museum gallery. I worked from summer 2018 until May 2019 to our in-house startup (TetraLens) which provided a few work to their client before merging into CR, which I left in order to follow my career of virtual garden designer.

Keith Blockchain SRL

Blockchain Advisor

ottobre 2016 - maggio 2017 (8 mesi)

Sliema, Malta

Blockchain and ICO Advisor for Keith Blockchain SRL, formed by two youngs entrepreneur who created services around the bitcoin, ethereum and monero ecosystem. Defrauded from an investor, we quickly closed the start-up to avoid any other ripercussion from the sketchy legislation taking place in Malta.

EURAC Research
